Colonial Lives Richard E. Boyer 2000 Colonial Lives offers a rich variety of archival documents in translation which bring to life the political and economic workings of Latin American colonies during 300 years of Spanish rule, as well as the day-to-day lives of the colonies' inhabitants.

Intended to complement textbooks such as Burkholder and Johnson's Colonial Latin America by presenting students with primary sources -- the raw materials on which the facts in other textbooks are based -- this reader strives to illustrate the impact of issues such as race, class, gender, sexuality, culture and religion in the daily lives of both natives and colonists alike. The concerns, struggles and perspectives of the inhabitants of colonial Latin America are reflected in transcripts of civil and criminal court cases, administrative reviews, ecclesiastical investigations, Inquisition trials, wills, and letters the editors have included in this reader. Each document is prefaced by an introduction that places it in the social and political context of the period. The book also includes a glossary of terms and lists of suggested further readings. Most uniquely, the book offers helpful thematic cross-referencing sections and an index of themes which allow instructors to easily adapt the book to their courses and to assign readings according to the criteria of their own specific curriculums.

Blood-Kissed Sky J. A. London 2012-12-26 The second book in a romantic and drama-packed trilogy perfect for fans of Rachel Vincent, Julie Kagawa, and Alyson Noel. Lusciously romantic and full of action-packed drama, readers will be swept away by this thrilling novel. Dawn Montgomery knows that monsters really do come out at night—after all, they are her job. It's just after the thirty-year war between vampires and humans, and as an ambassador between the two sides (a role she inherited when her parents were killed), Dawn quickly learns that balancing schoolwork, teen life, and the requests of Lord Valentine, the most frightening vampire in the region, isn't easy. There's nowhere left to hide. I thought vampires were our enemies—they controlled our lives, isolated our cities, and demanded our blood—until I met Victor. With Victor taking over as the new Lord Valentine, things were supposed to get better. Instead, they're worse than ever. Day Walkers, a new breed of vampires who can walk in the sun, are terrorizing the city. Blood supplies are low, and if Victor's vampires don't get enough, they will become infected with the Thirst—a disease that will turn them into mindless killers. To stop it, I must journey across the desolate wasteland to the very place where the sickness began. I can only hope that the answers that await me are enough to save us all...before it's too late.

You Gotta Be Kidding! Workman Publishing 2020-07-14 Gross, embarrassing, and just plain silly questions about boogers, bugs, smelly socks, itchy scabs, and more! Adapted from the hugely popular board game, this interactive and completely engaging book serves up hundreds of bizarre, embarrassing, sometimes ethical and sometimes stomach-churning dilemmas that kids will love to pose to their friends and siblings, whether in the backseat, on a sleepover, at a party, on a rainy day, or during a lull in the lunchroom (if you dare). Ponder the icky: Would you rather eat 10 pounds of cheese -OR- a bucket of peanut butter—with nothing to drink? The exponentially icky: Would you rather drink liquid found leaking from a garbage can -OR- chew on a hairy clump found between the cushions of an old couch? The fantastic: Would you rather be able to talk with all animals -OR- be able to understand all languages? The priority-testing: As a soccer player, would you rather mess up and score a goal for the other team but still have your team win -OR- play your best game ever even though your team loses? And the hair-raising: Would you rather swim across a river that is filled with crocodiles -OR- spend the night on an island where man-eating tigers live? Fascinating sidebars throughout are filled with interesting ancillary information—the nature of drool, left-handedness vs. right-handedness, what's dangerously filthy and what's just gross, why we blush when we're embarrassed—so kids can learn something as they laugh!
